

# Grade School Love

## Mike Krol

When I find your house I'm gonna burn it to the ground  
I won't be seeing you at the lost and found  
My stomach burns, my eyes turn red  
I cant believe what you SAID(alright)  
when i saw you at the show and tell  
you were love sick, you weren't doing so well  
I still miss you, my grade school love  
For the impasse, it doesn't look the same  
Instead, Blake, you dont remember my name  
You go your way, and I'll go mine  
I can't believe that the world is CALLING(i still miss you, my grade school love  
i still miss you, my grade school love  
i still miss you, my grade school love)
