Disillusioned

Nosoyo

Disillusioned

Always a million things to say
In the end we can just go one step a day
So many chords that we have played
Turns out we are a melody

Slowly Slowly
No mistakes
We were dreaming
Now weâ€™re disillusioned
So young
So done
Oh so brave
We were dreaming
Now weâ€™re disillusioned

Never chose the easy path
Moving on from one thing to the next
I can feel that youâ€™re afraid
How long how long will we sing this endless song

Slowly Slowly
No mistakes
We were dreaming
Now weâ€™re disillusioned
So young
So done
Oh so brave
We were dreaming
Now weâ€™re disillusioned

Weâ€™re thrown into this moment
All that we can do is
give in to the current
pass right through
Weâ€™re thrown into this moment
All that we can do is
give in to the current

pass right through

Slowly Slowly
No mistakes
We were dreaming
Now weâ€™re disillusioned
So young
So done
Oh so brave
We were dreaming
Now weâ€™re disillusioned

Slowly Slowly
disillusioned
So young
So done
disillusioned
