

Heaven

Raw Dizzy

[Hook: Raw Dizzy]

Is that heaven for a street nigga?

Is that heaven for a street nigga?

No it ain't my fault, we gotta eat nigga

Know where I'm going when I leave nigga

Is that heaven for a street nigga?

Is that heaven for a street nigga?

No it ain't my fault, we gotta eat nigga

Know where I'm going when I leave nigga[Verse 1: Raw Dizzy]

I'm still riding with my pistol nigga

I hope the law can forgive a nigga

I ain't make the rules up, I'm just a nigga

Hate to do it but I fuck around and shoot a nigga

I gotta hustle, went and gone with it

I'm tired of struggling, I'm gon' get it

No matter what it take, I'm coming home with it

Long as I feed the fam, I don't see nothing wrong with it

They got some pussy niggas hating on me

I'm skating on 'em, 28s homie

Think it's a game, I ain't find nobody playing on me

I ain't gotta touch, I might just drop some bands on 'em[Hook: Raw Dizzy]

Is that heaven for a street nigga?

Is that heaven for a street nigga?

No it ain't my fault, we gotta eat nigga

Know where I'm going when I leave nigga

Is that heaven for a street nigga?

Is that heaven for a street nigga?

No it ain't my fault, we gotta eat nigga

Know where I'm going when I leave nigga[Post-Hook: Raw Dizzy]

With that 9, I'mma roll with 'em

Mama just pray for me, I don't back down from no nigga, they got a place for me

With that 9, I'mma roll with 'em

Mama just pray for me, I don't back down from no nigga, they got a place for me[Verse 2: Raw Dizzy]

I know everyday my mama praying for me

Every time I leave the crib, my children say they love me

I had to get it on my own, nobody give me nothing

I worked too motherfucking hard to let them take it from me

I ain't going down without a fight nigga

And the red is going down tonight nigga

I know how I'm living ain't right nigga
But it's a must, I handle business on sight nigga
I be loading like a motherfucker
But I'm focused like a motherfucker
I'm eating good but I don't know when it's my last supper
All the shit I done, wonder if I'll get to see my brother[Hook: Raw Dizzy]
Is that heaven for a street nigga?
Is that heaven for a street nigga?
No it ain't my fault, we gotta eat nigga
Know where I'm going when I leave nigga
Is that heaven for a street nigga?
Is that heaven for a street nigga?
No it ain't my fault, we gotta eat nigga
Know where I'm going when I leave nigga[Post-Hook: Raw Dizzy]
With that 9, I'mma roll with 'em
Mama just pray for me, I don't back down from no nigga, they got a place for me
With that 9, I'mma roll with 'em
Mama just pray for me, I don't back down from no nigga, they got a place for me[Verse 3: Lil Wayne]
Tell them niggas holla at your boy
My niggas treat the cars like toys too
I'm Sammy Sosa on some foreign hoes
Got them fighting like the Maury show
I call your wife Risario
Cause she look like that bitch Risario
And we done hit the lottery
Still trapping out the private property
These young niggas just some comedy
Ain't got no kind of green, that commodery
We gotta eat, I promise I won't miss a meal
We getting fat, there goes our modeling careers
Got the muscle, stepping on these weak niggas
Too much coke, just tell the kids it's bleach nigga
24/7, riding for the beef nigga
I swear this life feel like heaven to a street nigga, Tunechi[Hook: Raw Dizzy]
Is that heaven for a street nigga?
Is that heaven for a street nigga?
No it ain't my fault, we gotta eat nigga
Know where I'm going when I leave nigga
Is that heaven for a street nigga?
Is that heaven for a street nigga?
No it ain't my fault, we gotta eat nigga
Know where I'm going when I leave nigga[Post-Hook: Raw Dizzy]
With that 9, I'mma roll with 'em
Mama just pray for me, I don't back down from no nigga, they got a place for me
With that 9, I'mma roll with 'em

Mama just pray for me, I don't back down from no nigga, they got a place for me
