

Eye (Soundworks Demo)

Smashing Pumpkins

I lie, I wait
I stop, I hesitate
I am, I breathe
I meant, I think of me Is it any wonder I can't sleep?
All I have is all you gave to me
Is it any wonder I found peace through you?
Turn to the gates of heaven, to myself be damned
Turn away from light
It's not enough, just a touch
It's not enough I taste, I love
I come, I bleed enough
I hate, I'm not
I was, I want too much Is it any wonder I can't sleep?
All I have is all you gave to me
Is it any wonder I found peace through you?
Turn to the gates of heaven, to myself be damned
Turn away from light
It's not enough, just a touch
It's not enough, just a touch
It's not enough, just a touch
It's not enough, just a touch
It's not enough, just a touch
It's not enough, just a touch
