On the Loop

Dannii Minogue

I don't wanna be alone
I wanna be together on the loop
I don't wanna be alone
I wanna be together when the trouble's overI don't wanna be alone
I wanna be together on the loop
Love unfolds
Givin' you all my heart againThis love is dangerous
Givin' you all my heart again
This love is dangerous
Givin' you all my heart again
On the loopGonna tell me baby if it's now or never
On the loop
I wanna hang around but I can't wait forever
You're gonna take me overGonna tell me baby if it's now or never
On the loop
Love unfolds
Givin' you allThis love is dangerous
Givin' you all my heart again
This love is dangerous
Givin' you all my heart again
On the loopThis love is dangerous
(Can't stop thinkin' now)
(Can't stop thinkin' now)
This love is dangerousI don't wanna be alone, I wanna be together
On the loop
I don't wanna be alone I wanna uhhh
The trouble's overIf you wanna come around
I'll make an effort baby on the loop
Love unfolds
Givin' you all my heart againThis love is dangerous
This love is dangerous
On the loopJust be together
Just be together
On the loop
Just be together
Be together, be together
On the loop
