Special Affair

The Internet

Advisory - the following lyrics contain explicit language:

Penny for your thoughts, I know what you want
I can read your mind even from behind
And fuck what's in your phone, lemme take you home, I wanna take you homeCause it's so rare that I'm here, don't plan on staying too long
So you should come here, sit your ass on this throne
This a special affair, better act like you know who I am, who I amI bet this Patron make you feel nice and comfortable
Tryna act nice girl your cover's blown
But you already knew that
You already knew that
You already knew thatWe can burn oneBiting in the dark, I might break your heart
I can get you high if you wanna climb
Cause fuck leaving alone
Let me take you home, I wanna take you homeCause it's so rare that I'm here, don't plan on staying too long
So you should come here, sit your ass on this throne
This a special affair, better act like you know who I am, who I amI bet this Patron make you feel nice and comfortable
Tryna act nice girl your cover's blown
But you already knew that
You already knew that
You already knew that
I bet this Patron make you feel nice and comfortable
Tryna act nice girl your cover's blown
But you already knew that
You already knew that
You already knew thatWe can burn oneI bet this Patron, I bet this Patron
