

# All Your Love

Kat Graham

Got me in love like a criminal  
Blame me like a good time rock and roll Roll up coasting high and low

Got me so out of control  
Feeling like the kiss under your fingertips Melting like sugar  
I wanna kiss your lips  
Desperate love bilingual risk  
Have to have you, need all of it  
Give me all your loving here tonight  
Gonna make you feel all right  
Come a little closer hit the lights  
You'd be waiting for this all your life

I want your love

I want it

I need your love

I need it

I want your love

I want your love

I want your love

I want your love

I want your love

I want it

Give me all your love tonight  
Give me all your love tonight  
Smoke you cause I need a hit  
Unwrap me a like a christmas gift  
Tangled sheets and mocca ships  
Gamble everything for the love of it  
High for you like a fire lit  
Call the police and the movement  
Rated x ain't for the kids  
Give me that back, give me all of it  
Give me all your loving here tonight  
Gonna make you feel all right  
Come a little closer hit the lights  
You'd be waiting for this all your life

I want your love

I want it

I need your love

I need it

I want your love  
I want your love  
I want your love  
I want your love  
I want your love  
I want it  
Give me all your love tonight  
Give me all your love tonight  
I want your love  
I want your love In here baby  
I need your love  
I need your love In here baby  
I want your love  
I want your love In here baby  
I need your love  
I need your love In here baby  
I want your love  
I want it  
I need your love  
I need it  
I want your love  
I want your love  
I want your love  
I want your love  
I want your love  
I want it  
Give me all your love tonight  
Give me all your love tonight  
Give me all your love tonight  
Give me all your love tonight
