

# Come Up

## Remedy Drive

Fallen short  
falling into line  
you're falling apart again  
missed the mark  
missing out this time  
you're missing the point again

come up come up Iâ€™ll show you worlds to come  
come up come up  
we can outlive the sun

such a fall  
itâ€™s hard to find out why  
you're living but not alive  
not alive  
barely getting by  
so barely you're hanging on

come up come up Iâ€™ll show you worlds to come  
come up come up  
we can outlive the sun

---
