

Spells

Orgy

Welcome to a dangerous life
A dangerous ride
A dangerous kiss
Give me all of your attention
Keep up with the class
Or sink with the shipUhh
But I can't put my finger on it
She's got her lips wrapped all around it
Redbull - give me wings to fly
But the fact is here tonightI've seen the devil has got me in a spell
But I'm not one to kiss and tell
(Kiss and tell)
I've seen the devil has got me in a spell
But I'm not one to kiss and tell
(Kiss and tell)Dig in and heat it up
Talk the small talk
And beat it up
Kiss those lips
And turn to dust
Don't trust machines
They're just like usI can't put my finger on it
Got her lips wrapped all around it
This spell's gonna win the fight
But the fact here is tonightI've seen the devil has got me in a spell
But I'm not one to kiss and tell
(Kiss and tell)
I've seen the devil has got me in a spell
But I'm not one to kiss and tell
(Kiss and tell)Speak those spells
And everyone falls
Twisted chicks on alcohol
(Can't put my- Put my finger on it)Got her lips wrapped all around it
Twisted chicks on alcohol
(She's got her -)
(Can't put my- Put my finger on it)
(Can't put my finger on it- Put my finger on it)I've seen the devil has got me in a spell
But I'm not one to kiss and tell
(Kiss and tell)
I've seen the devil has got me in a spell

But I'm not one to kiss and tell
(Kiss and tell) Kiss and Tell
(Kiss and tell) I've seen the devil has got me in a spell
But I'm not one to kiss and tell
(Kiss and tell)
(Kiss and tell)
(Kiss and tell)
