White Girl

Gucci Mane

I'm walking round the town with my white girl end of the day she my night girl she don't like squares but she loves squares I got them white girl twins two pairs
I'm walking round the town with my white girl end of the day she my night girl she'll fight girls ya she like girls
I'm walking round the town with my white girl
In the middle of the summer but I'm cooling with the racks drop top Ferrari with no fucking head attached
had to give her 200 cause I pulled out all her tracks and baby got back but Gucci got stacks
At the end of the day im just a nigga with a sack flipping me a pack like a nigga cooking crack and
them vogues? eight Cadillacs
I'm smoking on the thrax like I got cataracts
Gucci man a player you know I'm a player girls say I'm a boss and they say that you a square I say shes a toss
but you say you wanna pay her you wanna go marry her but I'm running for mayor
I'm walking round the town with my white girl end of the day she my night girl she don't like squares but she loves square I got them white girl twins two pairs
I'm walking round the town with my white girl end of the day she my night girl she'll fight girls ya she like girls
I'm walking round the town with my white girl
Ain't it fucked up v-nasty in the south got these fucks sick I ain't gotta watch my mouth
keep a room of bad bitches up in my house
sip a purple brick of bow and smoke purple out the pound
White girl I might be the hardest out you know its a hit when we bring the charger out don't give a fuck about a bitch and how she feelin'
me and Gucci in the club pulling hoes off the ceilin'
Bona fide hood bitch can't nobody tell me shit sip my syrup raw now I' leanin' like a bitch got a chick from UK
she make sure I got my chips
keep it real bruh you don't know a white girl like this
I'm walking round the town with my white girl end of the day she my night girl she don't like squares but she loves square I got them white girl twins two pairs
I'm walking round the town with my white girl end of the day she my night girl she'll fight girls ya she like girls
I'm walking round the town with my white girl
I'm walking round the town with that white bitch every time I take her out she start shit I ain't even let her get started I got that white girl in my apartment
I got that white girl stuffed in different compartments I got that white gitl with me in the cockpit I got that white girl tucked under my arm pit I got that white girl ya them white white bricks
My white chick bought my black bitch an outfit a
shiny kit got me squating like a blue pit
stupid diamonds and they blind you when the light hit and every time these bitches see me they excited
I'm walking round the town with my white girl end of the day she my night girl she don't like squares but she loves square I got them white girl twins two pairs
I'm walking round the town with my white girl end of the day she my night girl she'll fight girls ya she like girls
I'm walking round the town with my white girl
