

We Win

G.I.

We Win 1st Verse

I'm facing a time that stretches my faith
Gotta stay strong, stay in the race
Lord I'm counting on You (to see me through)
Cause I'm at a place, where I've never been
Time to believe all that's within
Lord I know you'll come through (I'm counting on You)

Pre-chorus

Cause I've seen You work
Perform miracles

Chorus

You're the King (You're the King)
You are strong (You are strong)
You are mighty
And we win

2nd Verse

The odds are against me, they're saying I should quit
But I read in Your Word, that a quitter never wins
So I'll fight my way through (Yes I'm fighting for You)
Cause the battle's not mine, You've already won
All I gotta do, is keep pressing on
For my prize in You (Yes my prize is in You) Pre-chorus Chorus Bridge

King of Glory

Strong and Mighty
Fights my battles
And we win

King of Glory
Strong and Mighty
Fights my battles

And we win

Chorus Vamp

We Win

We win

We win

We win
