Perfect Company

A Cursive Memory

I've been to just about a million places
Sunny skies everywhere and in between
It's just to know I'm right here with you
It's the most beautiful thing I've ever seenOh my God, you're such a beautiful girl
With such a wonderful way, in such a beautiful place
The sun is shining and it warms my face
What a wonderful day, I just hope it can stayI just want to tell you I love you, I love you
Everything is gonna be okay someday soonI've been to just about a million places
With placid seas and perfect scenery
Just to know you're right here with me
Well, you make the perfect companyOh my God, it's true
If time stood still I'd wait with you
If time stood still and still it stood, I'd be with youI just want to tell you I love you, I love you
Everything is gonna be okay someday soonLovely love, we're almost in it
Lovely love, we're almost thereAnd we'll laugh and love
And we'll laugh and love in this world
And we'll laugh and love
And we'll laugh and love in this worldOh my God, it's true
If time stood still I'd wait with you
If time stood still and still it stood, I'd be with youI just want to tell you I love you, I love you
Everything is gonna be okay someday soonI love you, I love you, I love you, I love you
I just want to tell you I love you, I love you
Everything is gonna be okay someday soon
I just want to tell you I love you
