

# Tango Shoes

## Bif Naked

When we're together, I am alone  
I dawdle down the street, shuffle my feet  
Don't wanna go home  
There's an antique store, I go inside  
All I got on me is only twenty bucks and my pride  
That's when I see them  
My new tango shoes  
They are my treasure, they're so cool  
My new tango shoes  
They are my ticket, my tools  
My new tango shoes  
They're gonna help me dance away from you  
My new tango shoes  
Like Cinderella, I am transformed  
Suddenly I'm taller, you're smaller, I am reborn  
With new courage I go downtown  
To find you sitting at a table  
Girls all around and they see my  
My new tango shoes  
They are my treasure, they're so cool  
My new tango shoes  
They are my ticket, my tools  
My new tango shoes  
They're gonna help me dance away from you  
My new tango shoes  
See my sexy metamorphosis  
Right before your angry eyes  
I stick a red rose in between my lips  
Turn on my heel and dance out of your life  
You told me you love me, that was untrue  
Now that we're over this dance is for you  
Tango!  
My new tango shoes  
They are my treasure, they're so cool  
My new tango shoes  
They are my ticket, my tools  
My new tango shoes  
They're gonna help me dance away from you  
My new tango shoes

They are my treasure, they're so cool  
My new tango shoes  
They are my ticket, my tools  
My new tango shoes  
They're gonna help me dance away from you  
My new tango shoes
