

# Wild One

## Kt Mulholland

You wore wings like an angel  
I swore you could fly  
There was magic in the water  
And in your eyes

And weâ€™d go down to the river  
And we wade in the water  
I never guessed itâ€™d take your breath away

We were running through the tree lines  
Howling at the night sky  
Momma told us do right  
But we were young

And now weâ€™re walking on the power lines  
Still bathing in the moon light  
Heard some people get nine lives  
Well we got one

A wild wild one  
Oh oh  
A wild wild one  
Oh oh  
A wild wild one  
Oh oh  
A wild wild one  
Oh oh

You were the girl in the magazine  
You were the girl in my wet dreams  
Summer nights spent laying next to you

You were in love with a best friend  
I was in love with a wet dream  
Somehow we never got confused

We were running through the tree lines  
Howling at the night sky  
Momma told us do right

But we were young

And now weâ€™re walking on the power lines  
Still bathing in the moon light  
Heard some people get nine lives  
Well we got one

A wild wild one

Oh oh

A wild wild one

Oh oh

A wild wild one

Oh oh

A wild wild one

Oh oh

Oh oh

Oh oh

Oh oh

Oh oh

We were running through the tree lines  
Howling at the night sky  
Momma told us do right  
But we were young

And now weâ€™re walking on the power lines  
Still bathing in the moon light  
Heard some people get nine lives  
Well we got one

A wild wild one

Oh oh

A wild wild one

Oh oh

A wild wild one

Oh oh

A wild wild one (Oh oh).
