The Moment You Left Me

[Wet Wet Wet](#)

The moment you left me
I suffered the whole night long
That's where I go wrong
And that's where you go wrong
When I've got a problem
Say I'll talk to the whole wide world
Yes I will, yes I will

I'm gonna love you
I'm gonna squeeze you
I'm gonna do all the things
That I forgot to do

Thinking about my saviour with a smile
Oh she can talk about chasing
The heart in me away
Tell me, tell me
Is that where she goes wrong

I'm gonna love you
I'm gonna squeeze you
I'm gonna do all the things
That I forgot to do

Now that I've made the right solution
I think that I've found the right resolution
Heaven knows where you go

I'm gonna love you
I'm gonna squeeze you
I'm gonna do all the things
That I forgot to do
