

# Hello My Friend, Hello

[Sheryl Crow](#)

Hello my friend, hello  
Hello my friend, hello  
So nice to see you out tonight  
Hello my friend, helloThe table's set for twelve  
We'll be ringing all the bells  
The night outside is bright with snow  
But it's warm inside in the fire glow  
May all release their heavy load  
Hello my friend, hello  
The garland decks the hall  
The season fills us all  
Another year has come and passed  
The dark of winter is gone at last  
The earth atones for all we lack  
Hello my friend, helloTonight the stars align  
We all partake the wine  
With merry hearts and innocence  
All our children and all our friends  
The beggars sing with recompense  
Hello my friend, hello  
Hello my friend, hello  
Hello my friend, hello  
So nice to see you out tonight  
Hello my friend, hello
