

Can't Stop Me

[Afrojack](#)

If this was the last dance of the night
Will you join me til the morning light?
Dance the night away cause it feels right

You can't stop me, no-o-o

If this was the last dance of the night
Will you join me til the morning light?

Dance the night away cause it feels right

You can't stop me, no-o-o

You can't stop me, no

You can't stop me, no-o-o

24/7, 365 a year

We know the end is near

You can't stop me, no-o-o
