

Mi Remember

Vybz Kartel

She tell me she love me
Me should've never believe her!
Me should never, never, put my trust in you
You don't love me
Me alone it don't look lovely
All me have right now with is just so so memory!

[Chorus:]

Mi remember your perfume, girl,
Mi your lipstick, yeah!
Mi remember the first time that we met
Mi remember the vow she take til death
Mi remember mi tell you mi love you though
Mi remember your decent mind of view,
Mi remember the nights stands that we have,
Mi remember mi say me don't want you back!

It was many... never redone.
