

The Devil's In Your Details

[Matthew Good](#)

Sunshine, don't you mind them
Lie for me now, smile for me now
Sometimes my feet don't touch the ground
When you come aroundThe Devil's in your details
The Devil's in your details
In your detailsMy feet don't touch the ground
When you come aroundSunshine, don't you mind them
Lie for me now, smile for me nowThe Devil's in your details
The Devil's in your details
