

The Sound Of Winter

Bush

Mind strong, Body strong
Try to find equilibrium
Head straight, screwed on
Been screwed up for too long I don't want to lean on the waves
I watch the storm evaporate
I think of you in starry skies
I keep you so alive Let's walk through the fire together
Disappear in the golden sands It's all in your face
I see you break
It's like the sound of winter
The bleeding love, the silent escape
You've got to hang on to yourself
It's like the sound of winter Medusa smiles, Judas lips
Open arms and finger tips
Love bites and recompense
I'll be with you until the end
Let's walk through the fire together
Disappear in the golden sands It's all in your face
I see you break
It's like the sound of winter
The bleeding love, the silent escape
You've got to hang on to yourself It's all in your face
I see you break
It's like the sound of winter
The bleeding love, the silent escape
You've got to hang on to yourself It's like the sound of winter Hang on to yourself
Hang on to yourself It's like the sound of winter
It's all in your face
I see you break
It's like the sound of winter
The bleeding love, the silent escape
You've got to hang on to yourself
It's like the sound of winter
It's like the sound of winter Hang on to yourself
Hang on to yourself
