

Small Wishes

[Biffy Clyro](#)

I saw a man, he stole our national thunder
He had to leave on a glorious ride He was lovesick but didn't know
That he worshiped all we wrote
I'm sure he loved that back and forth
But didn't understand it, no The lizard shit and held it under our nostrils
Don't believe the lamb, believe the wolf He was lovesick but didn't know
That he worshiped all we wrote
I'm sure he loved that back and forth
But didn't understand it, no I see a land, they'll never show
'Cause this is not what we chose
No new tomorrows, no change of roles
We'll never reap what we sow
For this is not what we chose
'Cause this is not what we chose
No new tomorrows, no change of roles
We'll never reap what we sow He was lovesick but didn't know
That he worshiped all we wrote
I'm sure he loved that back and forth
But didn't understand it, no
