You Make Me Wanna

Alice Cooper

You're the star, you're the face
You got the look that can erase
You look the world right in the eye
Stare 'em down, baby, make 'em cryWell, I know it don't make much sense
I'm in love with your innocenceWhat you got? What I need
You took my breath
Now let me breathe
What you got? What I need
I'll follow where you leadYou make me wanna
Woo hoo hoo
You know you make me wanna
Woo hoo hooOh, you make me wanna
Woo hoo hoo
Yeah, I think I gotta
Woo hoo hooYou're the bomb, I'm the fuse
Light me up and turn me loose
You shake me up when you walk by
Heart is beating and my mouth is dryWell, I know it don't make much sense
But I'm in love with your innocenceWhat you got? What I need
You took my breath
Now let me breathe
What you got? What I need
I'll follow where you leadYou make me wanna
Woo hoo hoo
You know you make me wanna
Woo hoo hooOh, you make me wanna
Woo hoo hoo
Yeah, I think I gotta
Woo hoo hoo
You know you make me wannaWoo hoo hoo
Woo hoo hoo
Woo hoo hoo
Woo hoo hooWhat you got, what I need
You took my breath
Now let me breathe
What you got? What I need
I'll follow where you leadYou make me wanna
Woo hoo hoo
You know you make me wanna

Woo hoo hooOh, you make me wanna
Woo hoo hoo
(What you got?)
Oh, I got to
Woo hoo hoo
(What you got?)Yeah, yeah, yeah
Woo hoo hoo
What you got?
What you got?Woo hoo hoo
Woo hoo hoo
Woo hoo hoo
Woo hoo hoo
