

You Make Me Wanna

Alice Cooper

You're the star, you're the face
You got the look that can erase
You look the world right in the eye
Stare 'em down, baby, make 'em cry Well, I know it don't make much sense
I'm in love with your innocence What you got? What I need
You took my breath
Now let me breathe
What you got? What I need
I'll follow where you lead You make me wanna
Woo hoo hoo
You know you make me wanna
Woo hoo hoo Oh, you make me wanna
Woo hoo hoo
Yeah, I think I gotta
Woo hoo hoo You're the bomb, I'm the fuse
Light me up and turn me loose
You shake me up when you walk by
Heart is beating and my mouth is dry Well, I know it don't make much sense
But I'm in love with your innocence What you got? What I need
You took my breath
Now let me breathe
What you got? What I need
I'll follow where you lead You make me wanna
Woo hoo hoo
You know you make me wanna
Woo hoo hoo Oh, you make me wanna
Woo hoo hoo
Yeah, I think I gotta
Woo hoo hoo
You know you make me wanna Woo hoo hoo
Woo hoo hoo
Woo hoo hoo
Woo hoo hoo What you got, what I need
You took my breath
Now let me breathe
What you got? What I need
I'll follow where you lead You make me wanna
Woo hoo hoo
You know you make me wanna

Woo hoo hoo Oh, you make me wanna

Woo hoo hoo

(What you got?)

Oh, I got to

Woo hoo hoo

(What you got?) Yeah, yeah, yeah

Woo hoo hoo

What you got?

What you got? Woo hoo hoo

Woo hoo hoo

Woo hoo hoo

Woo hoo hoo
