

# Whiskey From The Glass

**Robert Plant**

Oh, take the whiskey from my glass and run  
Yes, take the whiskey from my glass and run  
Take the love from my heart, take it all now

    You tear it up and tear it apart  
Oh, take the whiskey from my glass and run  
    Oh, you broke my heart and gone  
    Yeah, you broke my heart and gone  
    You tore it up, you tore it down

    Little bitty pieces on the ground  
    Yeah, broke my heart and run, oh yeah  
    Oh, take this chain from my heart and run  
    Yes, take these chains from my heart and run  
    Take these chains from my heart, I can't explain  
    How it can tear me apart if you call my name  
    Oh, take the whiskey from my glass and run
