Torch

Emmure

i did not pass the torchjust to be engulfed by the flames im breathing fire to survive burn it down rising from the ashes im here to take back what is mine i used to call you friend what a fucking waste of time i cannot believe that you would ever try and fucking take away from me the only thing i care about or i believe now im having trouble letting go of knowing you were always living,
eating,
breathing,
cashing in on all my misery tell me nowdo you see?
you cannot do this without me.
i did not pass the torch just to be engulfed by the flames do you know now?
youre nothing without me
