

Anti-Social

Lars Frederiksen and the Bastards

Antisocial You're a train ride to man importance
You're in love with hell existence
The money is all that you desire
Why don't you pack it in and retire It's common sense you can't fool me
I'm just the money that you can't let free
Rainy day genius clouds your mind
Don't you realize the blind lead the blind You're anti, you're antisocial
You're anti, you're antisocial
You're anti, you're antisocial
You're anti, you're antisocial Oh mister time will you ever unwind
Or just rebuild a new design
Your claim to fame is law and order
The rich get rich, the poor get poor You put a price tag on what you see
This one's for you, that's for me
If that's winning I'd rather lose
Why don't you listen to my senseless views You're anti, you're antisocial
You're anti, you're antisocial
You're anti, you're antisocial
You're anti, you're antisocial You're a train ride to no importance
You're in love with hell existence
Money is all that you desire
Why don't you pack it in and retire It's common nature you can't fool me
I'm just the money that you can't let free
Rainy day genius clouds your mind
Don't you realize the blind lead the blind You're anti, you're antisocial
You're anti, you're antisocial
You're anti, you're antisocial
You're anti, you're antisocial Antisocial
Antisocial
