Sunshine

Warrant

She is the kind that gets you thinking
when you tell your friends about
when she's gone you turn to drinking
and it turns you upside down
I don't know what this one did to me
stop my heart beat every time she looks at me
damn sure there is no doubt
what she got I never wanna be without
she is like she is like sunshine
walking down on me
she is like she is like sunshine
takes the clouds away from me
like an angel send from somewhere
she is a diamond in the weeds
when she turns the devil on you
give her everything she needs

I don't know what this one did to me
stop my heart beat every time she looks at me
damn sure there is no doubt
what she got I never wanna be without
she is like she is like sunshine
walking down on me
she is like she is like sunshine
takes the clouds away from me
I stop put me wonder
live some make me wonder
didn't make you just for me
tell me tell me please
oh yeah
she is like she is like sunshine
walking down on me
she is like she is like sunshine
takes the clouds away from me
