

# 21 Questions

## Waterparks

I wish there was a situation to be mad at  
Or a person I could blame.  
I've got a loud mouth, I'm pale with a ghost obsession,  
But behind the scenes with her I'm playing 21 Questions.  
There's gotta be a reason  
You keep your guy in hiding.  
I'm becoming what I've hated  
But your talk is so inviting. But then what?  
You drop your guy and take me on,  
It's everything I wanted,  
But then what?  
Would you get tired of my time?  
My mood's dictated by our conversations,  
And if you don't text I get too frustrated.  
I want you all to myself this time.  
Conflicted looks good on me.  
I'm trying desperately.  
I want you all to myself this time. I never have to  
Carefully shape sentences  
When I've got some words to say,  
They're falling from my mouth from the time  
That they hit my brain. 'Cause we built a picture made for frames.  
We live in chemistry away from all the wasted time and taste. But then what?  
You dropped your guy and took me on,  
It's everything I wanted,  
But then what?  
Would you get tired of my time?  
And it sucks to sleep  
'Cause you aren't talking to me.  
I wanna give you space  
But the amount between us is wrecking me. 'Cause then what?  
You dropped your guy and took me on,  
It's everything I wanted,  
But then what?  
Am I in his position now? I'll forget you if you need me to,  
Like nothing ever happened.  
My sun still sets without you,  
Like nothing ever happened.
