Prey

The Agony Scene

From grace she fell beneath the ashes
That forced her to her knees
Cut her open wideTo bleed her body dry of feeling
The wounds will form no scars
Only memoriesTearing at the scars, she's open wide
Screaming 'til her lungs collapse (INSIDE)
Behind her cold and vacant eyes,
The innocence that dies inside. (DIES INSIDE)The tears that line her face.
The anguish
The taste that haunts her lips
Closing loveless eyesTo bleed her body dry the feeling
Of breath escaping lips
Closing lifeless eyes.Tearing at the scars, she's open wide
Screaming 'til her lungs collapse (INSIDE)
Behind her cold and vacant eyes,
The innocence that dies inside. (DIES INSIDE)She dies inside. 3xTearing at the scars, she's open wide
Screaming 'til her lungs collapse (INSIDE)
Behind her cold and vacant eyes,
The innocence that dies inside. (DIES INSIDE)Tearing at the scars she's open wide
A broken bitter heart that's stained in black {STAINED IN BLACK}
Behind her cold and vacant eyes.
The innocence that dies inside. {DIES IN BLACK}
