

# Dear Karen (English Version)

## Rie fu

Many things that surround us may go and disappear  
But everywhere there is music; I know that you hear  
Oh, I breathe in your gift of love and rejoice  
Everywhere I feel your love; how I long for your voice. I was just a shy kid in the gym  
That I ain't had no place in the world  
Till' you opened me up All the love that you give is more than a melody  
It's all that I hear beneath every line  
All the love that you give I live in your legacy  
It's all that I am, you have lead me to this time,  
Telling me how to live a life. Shallow, fickle, hearted people, they come and go  
While you stay right beside me, this I know  
Oh, I breathe in your gift of love and rejoice  
Every time I feel your love, I'm saved by your voice I was just a shy kid in the gym  
That I ain't had no place in the world  
Till' you opened me up All the love that you give is more than a melody  
It's all that I hear beneath every line  
All the love that you give I live in your legacy  
It's all that I am, and this man that I love  
Safe and sound next to me And this song that I'm singing would play its part  
As long as the string of love won't fall apart  
When my body surrenders to time naturally  
While this song could exist here eternally  
Eternally...  
Ahh~
