Ravenous

God Dethroned

Arrival in the night out of nowhere
Telling stories about a butcher, a living deadI eat your flesh, take your strength
Absorb your spirit, I feel so strongYou're one of us, give in to it
Eat or die, eat or dieNo, he was licking my wounds
No, his lips on my woundsStabbing, stabbing, stabbing, stabbing, I'll rip you to pieces
My ravenous hunger becomes a craving for moreNo, he was licking my wounds
No, his lips on my woundsStabbing, stabbing, stabbing, stabbing, I'll rip you to pieces
My ravenous hunger becomes a craving for moreRavenous, ravenous blood thirst in your eyes
Ravenous, ravenous, I hunger for your fleshRavenous, ravenous blood thirst in your eyes
Ravenous, ravenous, I hunger for your fleshDrowning in darkness, you panic when life slips away
You gotta eat if you wanna be one of usI eat your flesh, take your strength
Absorb your spirit, I feel so strongYou're one of us, give in to it
Eat or die, eat or dieNo, he was licking my wounds
No, his lips on my woundsStabbing, stabbing, stabbing, stabbing, I'll rip you to pieces
My ravenous hunger becomes a craving for moreRavenous, ravenous blood thirst in your eyes
Ravenous, ravenous, I hunger for your fleshRavenous, ravenous blood thirst in your eyes
Ravenous, ravenous, I hunger for your flesh
