Armed Solution

Comecon

the subtle path of progress
tells truth from froad
a vision invoked into lie
by hammer, sickle and swordarmed revolution - the only solution
paradise lost for 6000 years
forced evolution - the vital conclusion
take our trustworthy hands and have no fearsa minor regressen
enlivens the pure
the spirit awakened
paradise opened its doorsarmed revolution - the only solution
forging out way a monstrous extreme
forced evolution - the vital conclusion
no is not an answer when asked to share our dreamarmed revolution - the only solution
paradise lost for 6000 years
forced evolution - the vital conclusion
take our trustworthy hands and have no fearsarmed revolution - the only solution
forging out way a monstrous extreme
forced evolution - the vital conclusion
no is not an answer when asked to share our dream
