Sister

2Gether

You've always told me
If I ever wanna live
If I find a better girl
Someone who lets me breathe
That you wouldn't stand in my way
Oh girl, I never meant to break your heartI, I promise you
I didn't know, oh no
She was your sister
SisterWhat could I do?
She is so dope, oh yeah
I couldn't resist her
Your little sisterWhat?And who would've thought
She's really that young
Unlike you
Kisses good with her tongueOh please
Don't stand in my way
I guess it really doesn't matter if
If I break your heartI, I promise you
I didn't know, oh no
She was your sister
SisterWhat could I do?
She is so dope, oh yeah
I couldn't resist her
Your little sisterHow, oh how could I know?
How could he know?
How could he know?
How?
I really, really didn't knowI, I promise you
I didn't know, oh no
She was your sister
SisterWhat could I do?
She is so dope, oh yeah
I couldn't resist her
Your little sisterI, I promise you
I didn't know, oh no
She was your sister
SisterWhat could I do?
She is so dope, oh yeah
I couldn't resist her

Your little sisterWhat?
How old is she anyway?
