Exorchrist

Axewound

Release this body,
Cleanse my soul,
From the beginning,
Bring on the Exorchrist,
Release this body,
Cleanse my soul,
From the beginning,
Bring on the Exorchrist,
Take my life,
I don't want purity,
You love the wicked thought,
This evil's taking over me,
Set me free,
From this insanity,
I offer you this soul,
Fill it with your blasphemy,
My shattered bones and blackened heart,
I'll tear your fucking face apart,
But how long will I walk alone,
My body now enclosed in stone,
I feel a presence
TAKING OVER ME!!
Release this body,
Cleanse my soul,
From the beginning,
Bring on the Exorchrist,
Free your brains,
From all that we'll fear,
My eyes keep back,
Till I can see the world for what it's worth,
Time has come,
To leave this world behind

Your worlds about to crash,
As darkness carries me away,
I feel a presence
TAKING OVER ME!!
Release this body,
Cleanse my soul,

From the beginning,
Bring on the Exorchrist,
OH!
NO!
Drag me to hell!
Set me free,
Drag me to hell!
OH!
NO!
Drag me to hell!
Set me free,
Fuckin' drag me to hell!
I feel a presence
TAKING OVER ME!!
Release this body,
Cleanse my soul,
From the beginning,
Bring on the Exorchrist,
Release this body,
Cleanse my soul,
From the beginning,
Bring on the Exorchrist,
Take this life!
LONG LIVE THE EXORCHRIST!!
