

A Little Push

Hans Zimmer & James Newton Howard

Funny how you never know
Where your heart is gonna go
Suddenly you're being pulled
 Into a rising undertow
 What started as a little rain
 Grows into a hurricane
Ridin' on a wave, desire flowin'
Crashin' through your veins
 What you want, I know
 What you need
I think you need a little push in my direction
 If you're gonna fall in love
 All you need's a little nudge
And I will catch you when you fall
I think it's only fair to bring to your attention
 You're about to fall in love
 Yes, you're gonna fall in love
 You're opening a different door
 Curious to know the score
 So afraid that once inside
 You won't be leaving anymore
And while your hesitation burns
You're gonna be surprised to learn

How easy it'll be to get you to
 The point of no return
 What you want, I know
 What you need
I think you need a little push in my direction
 If you're gonna fall in love
 All you need's a little nudge
And I will catch you when you fall
I think it's only fair to bring to your attention
 You're about to fall in love
 Yes, you're gonna fall in love
 You fear love that's real love
 Expecting ideal love
 It's hard to conceal love, oh
Deny what you feel love, you feel love

I think you need a little push in my direction
If you're gonna fall in love
All you need's a little nudge
And I will catch you when you fall
I think it's only fair to bring to your attention
You're about to fall in love
Yes, you're gonna fall in love
