

I Am Me (Acoustic)

Bearcat

I'm crawling out
From underneath your strings
Pinocchio run free

Black boxes is on my mouth
And cigarette i took
My pictures dont, oh no

The shadow of my story
Knocked me and stole
My place on your pedestal
Where i should never been

I dont need your platform or your permission
I dont need your love or your provision
I am whole, and complete
Fully free when i am me
I dont need your platform or your permission
I'm not gonna live out your vision
I'm both ends and everything
Fully free when i am me

I'm not sorry
For just being me
Everyone's allowed to be
Took the blinders off my eyes
And i used my chance
At last for something good

I dont need your platform or your permission
I dont need your love or your provision
I am whole, and complete
Fully free when i am me
I dont need your platform or your permission
I'm not gonna live out your vision
I'm both ends and everything
Fully free when i am me

So sing out
Loud out

Your sound
Your soul
So sing out
Loud out
Your sound
Your soul

I dont need your platform or your permission
I dont need your love or your provision
I am whole, and complete
Fully free when i am me
I dont need your platform or your permission
I'm not gonna live out your vision
I'm both ends and everything
Fully free when i am me

When i am me
When i am me
Ohhh
When i am me
I'm fully free
