

# You Know You're Only Dreaming (1996 Remaster)

## Hawkwind

One more touch and then you'll see  
World of hidden mystery  
Visions of you know you're only dreamin'Colors change, I stand upright  
Screaming souls in the night  
Visions of you know you're only dreamin'Chaos all within my mind  
Wanna live with my kind  
Visions of you know you're only dreamin'
