

Take Your Time (feat. Ayelle)

Osmo

If you come my way

I will follow

Said it goes both ways and I do not mind If you'd like to stay here for the night

Said I know its late and if you've got to go

There's an early start

Well lets take things slow

Now I'm looking at the ceiling

cos I like it when you

Take your time

Take your time

Take your time

I like it when you

Take your time

Take your time

With me

cos I like it when you

Take your time

Take your time

Take your time

I like it when you

Take your time

Take your time

With me

cos I like it when you

Take your time

Take your time

Take your time

I like it when you

Take your time

Take your time

Take your time

With me

cos I like it when you

Take your time

Take your time

Take your time

I like it when you

Take your time
Take your time
Take your time
With me

Am I in this day(?)
well its just not clear
We can switch things up
We can disappear
We can be whatever that we like
Said we got here fast
Now I want here slow
If you mark my words
I will let you go
I'm just being honest

cos I like it when you
Take your time
Take your time
Take your time
I like it when you
Take your time
Take your time
With me
cos I like it when you
Take your time
Take your time
Take your time
I like it when you
Take your time
Take your time
Take your time
With me

cos I like it when you
Take your time
Take your time
Take your time
I like it when you
Take your time
Take your time
Take your time
With me
cos I like it when you
Take your time
Take your time

Take your time
I like it when you
Take your time
Take your time
Take your time
With me
