

# It's All About Right Then

## Ghosts and Vodka

An exercise in post-Elvis / pre-Madonna rock, It's All About Right Then is all about right then. But when was right then? Right then was when now was happening. Now listen to this song again so you'll never forget, It's All About Right Then is about right now, and not then. In other words, sniff glue in 2001 Rock and Roll daydreamers!
