

# Run Around My Head

## Fanmail

Sit around as you run around my head

I can't sleep at night

It's getting late so send the children off to bed

I can't sleep at nightI know you, you know me

But it's over now and that's the way it should be

Sit around as you run around my headSit around as you run around my head

I can't sleep at night

I can see that you're really mad at what you said

I can't sleep at nightI know you, you know me

We don't talk anymore and that's the way it should be

Sit around as you run around my head
