## Wander

## **Heartfelt**

I recall one summer's night

Within the month of June

Flowers in mahogany hair

And smell the earth in bloomOnly such a melody comes without a sound

More than faintly heard by those

Who know what they have found

Now it's just a memorySilently we wander

Into this void of consequence

My shade will always haunt her

But she will be my guiding lightSilently we wander

In search of truth and confidence

So many hopes were lost here

Along the way from morning to nightMeet me by the wishing well

In cover of the moon

Whisper to me tenderly

That I will see you soonSing that song from long ago

So I remember you

Flowers in mahogany hair

And mellow days in June

Only for the memorySilently we wander

Into this void of consequence

My shade will always haunt her

But she will be my guiding lightSilently we wander

In search of truth and confidence

So many hopes were lost here

Along the way from morning to nightFrom ashes we were born

In silence we uniteSilently we wander

Into this void of consequence

My shade will always haunt her

But she will be my guiding lightSilently we wander

In search of truth and confidence

So many hopes were lost here

Along the way from morning to nightSilently we wander

Into this void of consequence

My shade will always haunt her

But she will be my guiding lightSilently we wander

In search of truth and confidence

So many hopes were lost here

Along the way
