# Dare

## GENTRI

I see the past staring me down
I take a deep breath
be firm on the ground
My heartâ€™s racing fast, beating me down
Counting down

I scream at the voice inside of my head
That whispers my dreams have gone dead
But the harder they push
The stronger I fight
For whatâ€™s ahead

Iâ€™m charting my course
To answer the call
Iâ€™ll fight til I win
Proud of the cost of my battle scars
Iâ€™ll never cave in
Wonâ€™t question or pause

Iâ€™ll climb to the ledge
Jump off the edge
And rewrite the odds
And dare to dream

I push through the pain
And claim what I earn
Ready to take the lessons I learn
And pass them along
Taking my turn to make my mark

Iâ€™m charting my course to answer the call
Iâ€™ll fight til I win
Proud of the cost of my battle scars
Iâ€™ll never cave in
Wonâ€™t question or pause
Iâ€™ll climb to the ledge
Jump off the edge
And rewrite the odds

And dare to dream

Dare to dream
Dare to dream
