

Kitty Can (Remastered Alternate Mix)

Bee Gees

[Chorus:]

Eve never pleases me and Kitty can
Eve never pleases me and Kitty can When Kitty smiles, the world stands still
I see a thousand golden daffodils
But when she cries, the world just dies
I see a million tears in Kitty's eyes [Chorus] Now Eve is bad and treats me cruel
She loves to see me looking like a fool
I find a way with words I say
To be in love in such a lonely way [Chorus] Now they are two and I am one
I cannot fall in love with everyone
So I must choose between the two
Made up my mind, now I am choosing you [Chorus]
