

My Sundown (demo)

Jimmy Eat World

I see it around me
I see it in everything
I could be so much more than this I said my goodbyes
This is my sundown
I'm going to be so much more than this With one hand high
You'll show them your progress
You'll take your time
But no one cares
No one cares
No one cares I need you to show the way from crazy
I want to be so much more than this With one hand high
You'll show them your progress
You'll take your time
But no one cares With one hand high
You'll show them your progress
You'll take your time
But no one cares
No one cares
No one cares No one cares
I could be so much more than this
No one cares
I want to be so much more than this No one cares
I could be so much more than this
No one cares
I want to be so much more than this No one cares
I want to be so much more than this
No one cares
I want to be so much more than this Good good bye
Lovely time
Good good bye
Tinsel shine Good good bye
I'll be fine
Good good bye
Good good night
