

# Firing Squad

Rachel Portman

Firing Squad, ain't no tellin' what they might do  
Firing Squad, tell the niggas we'll invite you  
Firing Squad, to the battlefield so they can wipe you  
Firing Squad, that's them niggas that don't like you  
Firing Squad, ain't no tellin' what they might do  
Firing Squad, tell the niggas we'll invite you  
Firing Squad, to the battlefield so they can wipe you  
Firing Squad, that's them niggas that don't like you  
Everybody hit the floor, aw shit, not again  
Don't flinch, all F A T emcees lay the bench  
Future of jewels, we just cruise on your maggot ass  
Now make your move and we'll squeeze tools at your fagot ass  
Now, guess who's back in the place? Kid I missed M.O.P  
Hey, I'm sorry you had to wait G  
In '93 you barely heard us in the crowd  
So we eject from select and now our shit is bumpin' loud  
Firing Squad, back on the case, to school  
Ya turnin' more boys to men than the great Luke Dubra  
Boo, yah, do ya plan to stand and prove?  
Remember I got love for only a handful  
That's Danze architectin' the game plan to bust down ya level  
I've already smacked this shit out to your main man  
I don't think you want no static C  
Automatically, automatic G's bump somethin'  
Firing Squad, ain't no tellin' what they might do  
Firing Squad, tell the niggas we'll invite you  
Firing Squad, to the battlefield so they can wipe you  
Firing Squad, that's them niggas that don't like you  
Count your blessings, just mount your Smith, the Wesson's in a hurry  
The more grounds I cover, the more brothers to worry  
Everlastin', got a certified passion for blastin'  
Ass, I'ma never show guns but I'm still an assassin  
Yes, some say my rap's about to crack your afterburn  
From out the first, send the whole entire earth into a blackout  
Here's the facts about my M.O.P. Click, we get down  
Roll in deep waters we drown, niggas, I'll leave 'em sensin'  
Yo, let it be known we own the walks up on the hill, we own the thrones  
We own the parks, for real, we own the low sharks

Niggas practice what they preach and back with what they reach with

The ill part is on the mic I be kickin' the freak shit  
Set it, violators get beheaded, rumors, we dead it  
Amazing, how we play is close the show and roll the credits  
It's over, straight from Saratoga, said these niggas better recognize  
We exercise our lyric, somethin' deadly  
Firing Squad, ain't no tellin' what they might do  
Firing Squad, tell the niggas we'll invite you  
Firing Squad, to the battlefield so they can wipe you  
Firing Squad, that's them niggas that don't like you  
Firing Squad, ain't no tellin' what they might do  
Firing Squad, tell the niggas we'll invite you  
Firing Squad, to the battlefield so they can wipe you  
Firing Squad, that's them niggas that don't like you  
Take it to the streets, watch niggas collapse  
Perhaps we could bust raps or bust caps  
This is ghetto how we in it and if it's beef you tell me and eat  
Billy is to go to war like it's valiance  
Once I catch ya, I'm guaranteed to gat ya  
Duke, I bet ya, you leave this piece on a stretcher  
Ain't nothin' to kid about, I put one in your wig and bounce  
Leave the rest for the all time C to figure out  
Now, who's that nigga that's tryin' to take my spot?  
New jacks in rap must pay dues before they rock  
Yo, I run shit like Mr. Hoppa because I pop up  
And I rip raps like crack heads strip copper  
Partner and bug, fake thugs gon' get no love  
You could easily get got by hot sinking slugs  
Nigga, what? I take your pride and slide  
And turn your rap cipher into a motherfuckin' homicide  
Firing Squad, ain't no tellin' what they might do  
Firing Squad, tell the niggas we'll invite you  
Firing Squad, to the battlefield so they can wipe you  
Firing Squad, that's them niggas that don't like you  
Firing Squad, ain't no tellin' what they might do  
Firing Squad, tell the niggas we'll invite you  
Firing Squad, to the battlefield so they can wipe you  
Firing Squad, that's them niggas that don't like you, nigga
