

Jenny Dreamed of Trains

[John Denver](#)

Jenny was a little girl, she only dreamed of trains
She never played with dolls or lacy kinds of things
Jenny counted boxcars instead of counting sheep
And she could go anywhere when she went to sleep
All she ever talked about was getting on to ride
She was living in another time, you could see it in her eyes
And every day after school, shed head down to the track
Waiting for the train that was never coming back
Jenny dreamed of trains
When the nighttime came
Nobody knew how she made it come true
Jenny dreamed of trains
The depots been boarded up, the rails have turned to rust
There hasnt been a train through here since the mill went bust
No one believed her when she said she heard the train
Said, she was just a little girl acting kind of strange
Jenny dreamed of trains
When the nighttime came
Nobody knew how that she made it come true
Jenny dreamed of trains
Jenny laid a penny on the track one day
In God we trust, she walked away
The very next morning, all she could find
Was a little piece of copper squashed flatter than a dime
Jenny dreamed of trains
When the nighttime came
Nobody knew how she made it come true
Jenny dreamed of trains
Nobody knew how she made it come true
Jenny dreamed of trains
