Wild

Inkubus Sukkubus

Child of darkness
Child of lightness
Child so bright that you dazzle weary cynical men
Child of brilliance, wisdom, wildness
We would thrill as our souls ignite when you are near us
Wild! Wild! Passion plays a part in all you do
Wild! Wild! Heart and soul as nothing else will do
Live for magick
Live for greatness
Live for power to shape and change the never-changing
Make a difference, bring some fire
Light the world and our hearts and minds with inspiration
Live for glory
Strength and fury
Play your part in the greater scheme of life and nature
Show your brilliance
Show your tolerance
Show the beauty in doing what you will with your life
