

# House Of Broken Love

## Great White

Come the mornin' don't ya wake me  
I'll be dreamin' that I'm free  
Come the daybreak don't ya shake me  
Send me back to misery Cause I'm dealin' with a devil  
With no help from above  
I'm stealin' with the devil  
Through this house of broken love Takin' chances with you baby  
I saw something in your eyes  
And though no one else could blame me  
There were signs I should of recognized Now I'm dealin' with a devil  
With no help from above  
I'm sleepin' with the devil  
In this house of broken love If you don't want to lose my lovin'  
Use it constantly  
If it's gonna be lies, suspicious eyes  
Baby oh baby set me free When the night falls and she's leavin'  
Oh the moon shines cold and gray  
Hear my heartbeat yeah yeah hear m' weepin'  
Pain and sorrow's here to stay I begged you baby help me  
But you turned your back on me  
You didn't even listen  
You should have set me free Now I'm leavin' with the devil  
Gonna leave this search for love  
Leavin' with the devil  
Leave this house of broken love
