# Running With Scissors

## Calico System

She wanted him to know that she believed in him
And her friends all disagreed with the choice she made
She decided to risk it all on a hunch she believed in
They tried to stand in her way, in her wayWe won't give them an opportunity to divide and conquer us
Let's show the strength and passion
that connects, that connects them to usThese two star crossed souls are in the same state of mind
They'd rather follow their heart than other peoples' lies
If you separated them, they'd never be satisfied
Death is eminent but such a sweet lullabyWe won't give them an opportunity to divide and conquer us
Let's show the strength and passion
that connects, that connects them to usIf we stand together, they won't stand a chance
If we stand together, they won't stand a chance
If we stand together, they won't stand a chance
If we stand together, they won't stand a chanceShe won't stop and he won't let go
They wanna elope and then grow old
They tried; they gotta fight back or dieSweet lullabyWe won't give them an opportunity to divide and conquer us
Let's show the strength and passion
that connects, that connects them to usWe won't give them an opportunity to divide and conquer us
Let's show the strength and passion
that connects, that connects them to usWe will fight back or die
We will fight back or die
