Dismembered And Molested

Cannibal Corpse

Sever the limbs, decapitate
Yank out the teeth
Then masturbate
Pounding the face, ejaculateMy darkest needs, I satiate
Bathe in blood
Wallow in bile
Tear out the heart, victim defiledSever the limbs, decapitate
Yank out the teeth
Then masturbate
Pounding the face, ejaculateEntrails slip through my fingers
As I sift through her innards
My body rigid with goose bumps
My erection growing strongerI put my cock into the carcass
My climax can wait no longer
Expectorate my seed of hate
Onto her mutilated corpseSever the limbs, decapitate
Yank out the teeth
Then masturbate
Pounding the face, ejaculateMy darkest needs, I satiate
Bathe in blood
Wallow in bile
Tear out the heart, victim defiled
